Wordpress Developer

- Provide WordPress theme/plugin/widget development, maintenance and update.
- Server maintenance (AWS with EC2 and Plesk).
- Optimized website for speed, accessibility and SEO.
- Big sites where I developed/modified plugins and themes:
 - All the sites (+50) related with the company endeavor schools montessori:
 - <https://www.endeavorschools.com/our-schools/>
 - <https://www.unitedsiteservices.com/>
 - <https://www.secureitgunstorage.com/>
- Presented a plan where the plugins and themes of each site were in a git with the branches: test, staging and production with a correct flow to merge branches, which managed to reduce the down of sites largely.
